

Darlington Schools Capital Improvement: Building for Our Future

Addressing urgent space needs, expanding Career & Technical Education, and maintaining infrastructure without increasing the tax rate. A proposed \$6,000,000 referendum.

IDENTIFYING THE NEED

Demand for Tech. Ed.

Rising interest in Welding and Woods classes has outpaced available classroom and project space.

Urgent Need for 4K Space

The closure of Holy Rosary School created an immediate need for additional classroom space.

Support for the Arts

The district's highly respected Theatre department requires more space to maintain its robust operations.

THE PROPOSED SOLUTION

Total Project:
\$5,580,000

High School Expansion

New 12,000 sq. ft. tech ed structure

Elementary Addition

New classroom wing dedicated to the 4K-1 department

\$6M INVESTMENT

Steady Tax Impact

New debt begins as old debt ends, with state aid covering approximately 40%.
